

← 1/4 inch from left edge of paper  
The distance between the left side of your paper and the thin line on the left side of this label image should be exactly 1/4 inch (6.4 mm)

1/2 inch from top edge of paper ↑  
The distance between the top of your paper and the thin line above the arrow on this label image should be exactly 1/2 inch (1.27 cm)

Use copies of this sheet for testing before printing real labels. For best results, make sure automatic scaling on your printer is turned off.
